3. Rationale/ Benefits of Amalgamation/ Merger

The proposed amalgamation would *inter alia* include the following benefits:

- 1) The amalgamated entity will offer greater value for the shareholders than what would be delivered as independent entities.
- 2) The proposed amalgamation is in line with global trends to achieve size, scale, integration and greater financial strength and flexibility, in the interest of maximising overall shareholder value.
- 3) The proposed amalgamation will make available greater resources be it financial, managerial, and technical, personnel, know-how, skill sets and intellectual property. It would also lead to synergetic benefits, increased competitiveness, cost reduction and efficiencies, better and more productive utilization of various resources, thereby contributing to financial and operational growth.
- 4) Increased efficiencies including in respect of elimination of process and cost duplication will contribute to cost savings, profits and value creation.
- 5) The companies have common and complimentary management strategies, objectives and corporate values that would be further strengthened and which would also permit a smooth integration.
- 6) A significantly greater asset base would facilitate scale, capital efficiencies in the form of leverage to reduce cost of capital and increase the profitability for the shareholders.
- 7) The proposed Scheme will thus have beneficial results for both the Companies and all concerned.
